

ACCESSIBLE VAN

Whether you're arranging transportation for someone in a wheelchair or need a reliable solution for passengers with mobility challenges, this van is built with accessibility and comfort in mind.

Equipped with heavy-duty side or rear wheelchair lifts (supporting up to 1,000 lbs), SmartFloor technology, and flexible seating for up to 4 wheelchair positions, this van ensures every passenger travels safely and comfortably. Interior features like climate control, grab rails, and a non-slip floor make every ride smooth and secure. With passenger heating and A/C, ADA-compliant tie-downs, and flexible seating options—including flip seats and removable SmartSeats—this van adapts to your needs with ease. Whether it's a short ride or long journey, you can trust our accessible van to get everyone where they need to go.
